EXPERIENCE

(As I have recently completed 2nd semester, so my experience is most related to work done in my educational institutions)

IEEE RAS | Collaboration, Management

Managing Public Relation | 2023, CUI Lahore

Spearheaded PR Initiatives:

- I have orchestrated various promotional activities and effectively managed communication channels both by **digital and physical means**.
- Successfully raised **awareness and engagement for RAS events** within the university community and beyond, resulting in increased participation.

Event Management and Collaboration:

- Demonstrated exceptional organizational skills by coordinating and executing diverse events such as **RASWARS '24, hackathons, poster designing competitions, and GitHub seminars**.
- Facilitated seamless **collaboration with other universities** like **UET, FAST, LGU, ITU, and GIKI**, etc., to expand the reach and impact of RAS initiatives.
- Proactively sought and secured **sponsorships**, ensuring the success of event.

IEEE RAS | Collaboration, Management

Core member of Design Dynamos | 2023, CUI Lahore

- I played a **key role in IEEE RAS**, where I created visually captivating promotional **Poster for Flagship event RASWARS '24**.
- Utilized **design software such as Figma to craft professional-quality graphics, logos, and marketing collateral**, elevating the branding and promotional strategies of RAS.

Project | Spotify Clone | HTML,CSS | 2024

Project Description:

- Created replica of Spotify website using on **HTML, CSS, ensuring responsive**.
- Utilized CSS for styling and HTML for structure for Spotify interface, adhering to best practices in front-end web development.

ATM Banking System | C programming | 2023,CUI Lahore

Project Description:

- Developed an ATM Banking System in **C** for **user transaction and account management**.
- Implemented core functions: **Balance check, Withdrawal, Deposit, transfer**.
